

The project which makes European Citizenship move forward

The project

EUROVELO

Organizing a Relay Bike Raid on the Eurobike Route n° 6:

Pupils from various European countries are going to relay one another along this route and to develop their awareness of European Citizenship

10 European countries will be represented by classes of pupils (25 pupils and their leaders) along the 4500 km of these three big European rivers, cradles of our European cultures

The participants will share and exchange their experiences during a meeting at the European Parliament and on the website of this project
