

“My European City” is an initiative supported by the European Commission’s “Europe for Citizens” programme involving four organisations which raise awareness about European citizenship: *Graine d’Europe* (Nantes, France), *Mioritics* (Sibiu, Romania), *Xena* (Padua, Italy) and *Polites* (Szczecin, Poland).

Encouraging “European-ness”

The name of a street, an architectural style, the statue of a famous European, “My European City” highlights the European influences that can be found in our daily lives and surroundings. Through the creation of Europe-themed tours and a website, the initiative contributes to developing the acceptance of a European identity.

Finding Europe “near to me”

► “European tours” (guided tours, documents, brochures and discovery trails) to discover certain aspects in the townscape (street names, statues, architectural influences, economy...) and understand how strong is their link with Europe.

► **A website:** By the means of virtual visits, people will be able to discover each city from 360° panoramic views. The publications linked to the tours will also be available on the website along with a set of documents on European heritage written as a result of the initiative.

www.myeuropeancity.eu will be launched on the 9th May 2011.
