My European Dream

I heard about you, about what's in your mind *what?*

I heard that you're trying the right path to find
Look around you, don't be so scared and blind
'cus that ain't no game you don't have many lives...

We have to help each other, not once but day by day
We have to know our limits, to know for what we pray
I said "Hey" *hey!* for those people who have shown
That Europe is the place we all should call it home!
It doesn't matter nation, conception or race
We have the same origins, we're the same in many ways
I want to be surrounded by love, to do the best
To let the worries go, to make the proper steps
I'd like to have... more benefits to gain
We have one weapon left and it's called human brain
I'd like to see uncovered faces all around me
'Cus in this world we are the leaves of the same tree

Chorus: This is it. This is my European dream
I am here to stay, I am here to make it real
Indeed it's hard, but I have to stay strong
Because this is where I truly belong.

This is it. This is my European dream
I am here to stay, I am here to make it real
Indeed it's hard, but I have to stay strong
Because this is where I truly belong.

I'm guarding my treasure like a truly warden
'Cause thousands of dreams are growing in my garden
I'm focused on my target no way to pull the stream
All I wish is achieve my European dream
Luckily there are people who think like me
The world is a locked door yet we can find its key

Maybe life is like a show, a movie or a song
I'm not prisoner in the story I belong
*Where the king is chosen just in rightful way
A person who can turn our lives in color from gray*
Every single day is like a book without a name
That's why don't hurt the nature each page should have an aim
Every single word I said is like a coat to wear
This is not a perfect world but we tend to reach there
Never back down *No!* , it's what I say
If you have a dream you don't have to pay
You don't need much money, just a simple bag
And don't forget to bring the European flag.

Chorus: This is it. This is my European dream
I am here to stay, I am here to make it real
Indeed it's hard, but I have to stay strong
Because this is where I truly belong.

This is it. This is my European dream
I am here to stay, I am here to make it real
Indeed it's hard, but I have to stay strong
Because this is where I truly belong.
